DISEASES OF THE Throat and Lungs.

COUGHS and Colds, the fruitful parents of Consumption, Bronchitis Asthma Pleurisy and many other dangerous diseases, are too often neglected until the foundation of the Specific Complaint is laid deep in the System. A Physician is then called in, who administers a few Palliatives, but declares the disease incurable, and the Patient is confirmed in his opinion, dies. But why does he die? Simply because he does not resort to the proper remedy but trusts the mere specifics of a Practitioner rather than the fatal little evidence of experience and the most authentic testimony. On this basis is the sole reason, the efficacy of

DR. VONDERSMITH'S INDIAN COUGH BALM *and Lung Balsam,*

have been thoroughly established. Let those who doubt, read the following testimonials which are merely sample of hundreds of the same nature.

CONSUMPTION

AND AFFECTION OF THE LIVER,

CURED,

Of Twenty Year's Standing!

CITY OF NEW YORK, July 21st, 1847.

(This is to Certify that I Nelson Larrabee of Jersey City, have been subject to a dry hacking cough and a pain in the side and chest attended with night sweats and general weakness of the system for a period of twenty years, and pronounced INCURABLY CONSUMPTIVE, neither the advice of regular physicians nor the many advertised remedies I have taken have been of any permanent benefit, and I was yielding hopelessly to the progress of my disease, when I was persuaded to try Dr E W VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALSAM by the aid of which, all my symptoms have been removed, and I have been wonderfully restored to the blessings of health, and the prospect of a prolonged existence.

In gratitude for which and in the hope of benefiting others, I solemnly certify to the facts in this certificate.

INFLAMMATION OF THE LUNGS.

New York, June 19 1847

Dr. VONDERSMITH—I have been subject to a cough, pain in the chest, difficulty of breathing, &c., for many years past. About four months ago I took a severe cold which settled on my lungs. I was unable to attend to my business during the day. I had bad spells of that I thought I could not possibly survive unless I could get relief. The excessive night sweats had reduced my whole body to a skeleton. I expectorated white froth mucous, in fact, should I give the full particulars of my case, it would be almost incredible. I was recommended to try Dr VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALSAM. I commenced, when I had used it about one week, my cough decreased considerably which gave me great hopes. I continued with the medicine according to directions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years, until the present time. I sincerely believe had I not made use of Dr. V's invaluable Medicine that I would be mouldering in the silent grave. Therefore I believe that I am doing nothing but justice in stating the above facts, so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who may call upon me.

Your grateful patient and friend

CONSUMPTION.

STATEN ISLAND, June 10th, 1847

DEAR SIR—I take great pleasure in giving you my certificate, last December I was attacked with a severe cough, pain in my left side, loss of appetite, and continual raising of white and yellow mucous. Some days I raised a half pint of mucous streaked with blood. I have been under the treatment of a dozen physicians. I was recommended by Dr Mitchel of Philadelphia, to use a breathing tube, I purchased one, I only made use of it for one week, it was the cause of bringing on hemorrhage of the lungs, which reduced me so much that I was unable to sit up, my voice was entirely destroyed, it was difficult for persons to understand me. I saw Dr Vondersmith's Medicine recommended very strong by a person whom he had cured. I sent for half a dozen bottles, I received great benefit from that, which induced me to purchase a dozen bottles; I took according to the directions, and it cured me perfectly sound. Yours, &c, ROBERT WILSEY

TO THE PUBLIC.

—o.o—

IT is well known that there is secreted in the stomach a fluid which is called Gastric Juice, that the food when taken into the stomach is acted upon by this Gastric Juice which is now converted into a pulpy substance called Chyme this passes into the upper portion of the Intestinal canal, there it becomes mixed with Bile and Pancreatic Juice and is by medical men termed Chyle, a portion of which is in a fit state to be and is taken up by small vessels called Lacteals, carried to the system, and converted into Blood. The food after being so changed becomes assimilated gives nourishment, and supplies the waste of the body, this is the process and effect of Digestion.

How important therefore, that the digestive organs perform their functions properly! There are also, innumerable sympathies existing between the Dyspeptic Stomach and distant parts of the body some few of the effects of which are here given—Sick Head ache, Nausea and Vomiting Low Spirits Despair, Mental Derangement, Irregularity of Pulse Palpitation of the Heart, Difficulty of Breathing often leading the patient or his friends to suspect incurable Organic Disease, all of which might have been prevented by timely attention to Dyspeptic symptoms and proper treatment. It should also be known that these troubles not unfrequently exist as the effect of disturbances of the Digestive Organs, when the ordinary Dyspeptic symptoms are not discoverable, and should be treated accordingly. The deplorable effect of a disregard to these important truths, it is indeed melancholy to contemplate.

A consideration of these facts and observation for more than a quarter of a century in Chronic Diseases, their rise progress and end, have led the Proprietor to an anxious inquiry whether there is in the whole catalogue of medicine, a combination which is better fitted than all others to remove the far more common causes of these dreadful maladies. The result of this research and much experience, is now offered with great confidence to the public in

HOLDEN'S Alterative and Tonic Mixture,

as the best combination known for changing the unhealthy secretions of the Stomach and giving strength to that organ, and for removing many troubles attributed to impurity of the blood.

In the cure of Dyspepsia it possesses great power, promoting a healthy action of the stomach and correcting a vitiated state of the fluids concerned in digestion thus removing the cause of many disturbances which are known to arise from this disease.

Its action is that of a mild Alterative and Tonic restoring health and strength often without producing any sensible evacuation, and without leaving behind any unpleasant effect on the constitution.

By its use the Appetite becomes regular and good, Digestion perfect. Sick Head ache and many nervous disturbances growing out of imperfect digestion are generally cured. persons of debilitated constitutions become healthy and strong by its use.

By reason of the sympathy between the stomach and the skin many diseases of the latter grow out of a morbid action of the former even when the ordinary symptoms of Dyspepsia are wanting and are cured by this medicine.

Many troubles of children supposed to arise from worms, are caused by a deranged state of the stomach, and are removed by its use.

Persons, both adult and children left feeble by protracted illness, on the same principle are restored to health and vigor by taking it.

It contains no poisonous ingredient, and cannot in any case do harm.

WEDNESDAY, FEB. 9, 1848.

☞The Washington correspondent of the N Y Express states that the public mind at Washington is greatly excited by the court martial ordered upon General Scott The act itself is not alone deemed offensive, but this constitution of the court a design to insult him The custom always has been to try the accused by his superior officers and where this could not be done, then by his equals

But the Government has not only selected officers of an inferior grade, but those who are hostile to him or if not hostile, prejudiced against him The action of the President and tries It appears to have been governed by a pitiful spite and many of his own party friends I have heard rebuke him openly for his official exercise of his vengeance The charges against Gen Worth are dismissed too, though much more grave than those against Scott,—while Scott is to be tried in the face of the enemy he has conquered, and in the midst of a country rendered illustrious by his bravery and skill—Nothing has thus far occurred here for a long time, which has so strongly aroused the public indignation against the Administration, and particularly President Polk who seems to be incapable of appreciating one just or generous emotion in the conduct of an opponent First against Taylor and now against Scott the War is carried on, and carried on with a degree of personal vengeance and party spite, wholly unheard of when even the common courtesies of life are respected

☞The Belfast Journal talks very flippantly about the statement made by young Wade, of his city in a letter to his father as to the loss of men in the 9th Regiment and declares its belief that the statement originated in a Mexican Whig paper—We are no acquaintance with Mexican Whig or Mexican Locofoco papers and cannot judge of their contents but we have seen the letter written by Benjamin Wade of the 9th Regiment to his father in this city and in that he states as follows:

"We have got to Mexico city at last We staid in Vera Cruz about three weeks I was glad to get away from there—the soldiers was [were] dying every day You can Judge for when we left Fort Adams Newport we had about eleven hundred men and now about two hundred and sixty five"

We do not vouch for the truth of young Wade's statement nor do we deny it We do affirm however the accuracy of our extract copied from his letter

Railroad Meeting

At a large and respectable meeting of the citizens of Canaan held the 27th day of Jan. 1848 at Canaan village for the purpose of taking into consideration the subject of locating a Railroad from Waterville to the City of Bangor, they proceeded to organize the meeting by choosing Hiram C Warren Chairman and Joseph Barrett Secretary

The meeting was then addressed in a spirited manner by the following gentlemen to wit—Hiram Tuttle, Joseph Barrett Geo M Mason, Samuel Rollins, Hiram C Warren, Hiram Burrill Jabez Waters, Ziba Burrill, Wm Macartney and V R Tuttle

Chose Joseph Barrett and Hiram C Warren Corresponding Secretaries

Chose Joseph Barrett, Hiram Tuttle, Dr R M Chase, H L Newhall and Geo M Mason Esqrs a committee to draft resolutions

That Committee reported the following resolutions which were unanimously adopted by the meeting, viz

Resolved, That in consequence of the liberal policy recently adopted by the Legislature of Maine a new era has dawned upon our State and a new impulse given to the energies of our citizens which if directed with prudence will essentially contribute to develope the resources of Maine

Resolved, That it is highly important that the [illegible] should be consulted in locating Railroads the agricultural interests of the State and that especial regard should be had to the [illegible] stations of produce and merchandize &c from country villages to navigable waters

Resolved That the route recently surveyed from Waterville to Newport if adopted can never be of general public utility as it passes through a sterile uncultivated country and too far to the South to accommodate the rich farming region comprising the Eastern section of Somerset County, the West'n section of Penobscot County and the Southern section of Piscataquis County

Resolved, That in the opinion of this meeting a survey should forthwith be made to the *upper route* (so called) to connect the Kennebec and Androscoggin Railroad at Waterville with the city of Bangor And that said Railroad should pass [illegible] Fairfield and Bloomfield [illegible] Skowhegan village from which point a branch [illegible] the Northern and Western sections of Somerset County and Franklin County would ere long form a junction there [illegible] easterly direction through Canaan Harland St Albans and thence North of the Newport Pond through Stetson to the City of Bangor

Resolved That the transportation on the *upper route* would be more than treble that of the *lower route* And that if the citizens of Bangor consult their own interest they will exert their influence to establish the railroad on the upper route as thus they will secure the trade of the rich farming country before alluded to

Resolved That in the opinion of this meeting if the railroad should be located on the upper route the sum of $250 000, would be obtained by subscription to build said road, between Waterville and Bangor Whereas if the road should be located on the lower route not more than $50 000 could be obtained

Resolved, That it is expedient that a Railroad Convention should be held at some central point between the rivers and that the Corporators of the Kennebec and Penobscot Railroad Company are hereby invited to notify said meeting at such time and place as they may deem expedient, to take into consideration the subject of locating said road and that such notice be published in the Bangor and Skowhegan Papers

Resolved, That the proceedings of this meeting be signed by the Chairman and Secretary and forwarded for publication to the Democratic Clarion and People's Press published at Skowhegan and the Bangor Democrat and Bangor Courier published in the City of Bangor

Voted, That this meeting stand adjourned two weeks to meet at the Town Hall in Canaan Village at 6½ o clock P M

Quartermaster General's Report.

One of the most interesting reports accompanying the President's Message is that of Quartermaster General Jesup, a synopsis of which has given by the correspondent of the Baltimore American The General gives an account of the expenditure of $21 701 421 on his department on account of the war On the 13th of May, 1846, it became necessary to equip three separate armies—one for the Lower Rio Grande, one for San Antonio, and one for Fort Leavenworth

One of the items of purchase for the Missouri wing of the army was 459 horses, 3658 mules, 14,904 oxen, 1556 wagons, and 516 pack saddles The Quartermaster says that the trains have suffered severely, and that unless the Indians are severely chastised, it will soon be impossible to send a train

The most sincere compliments are paid to Gen Scott and they conform with the whole record of evidence in the war department as to the admirable manner in which the campaign was planned and executed Gen Scott in conversations and memoranda, left a complete plan of his arrangements, so that all that was necessary here was to carry out his views The general in chief was only disappointed in not receiving the 25,000 men which were promised and necessary

The quartermaster says, that since the fall of Puebla and Mexico, it is easy to supply the American army in the enemy's country In the city of Mexico alone there are a thousand persons employed in making clothing

The department recommends, as economical and necessary, the organization of a corps of mechanics to serve during the war

The financial operations of this department of the service have been important, and have had an important bearing upon the money market during the year Drafts on Washington and New York are now readily negotiated in the capital of the enemy's country, and, we are told, are sought after by those having funds to send to Europe

The quartermaster says he has labored to relieve the treasury department from the expense incident to the transportation of specie—Payments to a large amount have been made at Washington, and in the several Atlantic cities upon the payment of officers' subsistence; and in addition to this the amounts drawn on the quartermasters at New York and Philadelphia have been $7,796,495. The following are some of the purchases of the department in the course of a year and a half

1,549 horses for artillery and cavalry, 22,907 mules, 16,806 oxen, 6826 wagons, 54 steam vessels, 4 ships, 9 barques, 8 brigs, 38 schooners 201 scows, besides life and surf boats and several hundred sail and steam vessels which have been hired, and also 4 or 5000 pack mules horses, &c

The quartermaster, after the detailed operations of the service, says, "with our nearest depots further from the sources of supply, than Algiers is from Toulon or Marseilles, we accomplished more in the first six months of our operations in Mexico, than France, the first military power in Europe has accomplished in Algiers in 17 years And it is added, that heavy as the expenditures unquestionably have been, there is not another instance in the last two centuries in which so much has been accomplished by any other nation, in so short a time, with so small a force and at so little cost

The war however it is said has borne heavily upon the officers of the department One Captain Martin, lost an arm, three were killed outright—Col Cross and Captains Graham and Armstrong, and four have died of diseases contracted in *Mexico*—Captains Hetzel, Maj Smith and Capts Churchill and Turner.

The quartermaster general and the general in chief, with all the principal officers of the army, earnestly recommend the passage of some law by Congress, which will provide a support for the families of those who have died from disease contracted in the public service, as well as those who have fallen in battle

Penobscot Agricultural Society.

To the Trustees of Penobscot Agricultural Society—

The committee on crops for 1847 respectfully report that the applications for the society premiums on Indian corn as entered, on the day of their annual fair held in Levant on the 30th day of Sept, are four in number For the crop raised by Dr Isaac Case, of Levant, on one acre of ground amounting to 168 Bushels of ears, equal to 84 Bushels of shelled corn, the committee awarded the first premium of $4 00

To Charles C Heard of Exeter, whose crop on one acre amounted to 166 Bushels of ears equal to 80 bushels shelled the committee awarded the second premium $3 00

To William Grant of Exeter, who raised on one acre, 114 Bushels of ears, equal to 57 Bushels shelled they awarded the third premium of two dollars—$2 00

To Asa Shaw of Exeter, they awarded one Vol Maine Farmer his crop amounted to 45½ Bushels shelled corn

There was but one entry for a crop of wheat this year and that by Mr Charles C Heard of Exeter, but the amount, in the judgment of the committee is not such as to warrant their awarding to him a premium

For a crop of Spring rye raised on one acre of ground, by Dr Isaac Case amounting to 27 Bushels on which species of grain the Trustees having provided no premium in their annual list, the committee however deeming it important respectfully suggest the propriety of giving encouragement to the culture of that kind of grain and therefore recommend a gratuity of a Vol Maine Farmer

A very interesting paper was read before the committee by Deal Nathan Blake of Levant on the day during their session, giving a detailed account of his doings connected with the raising of a large crop of Indian Corn during the past season and he has furnished at the request of the committee a copy of the same for publication, which accompanies this report

The committee take this opportunity to congratulate the farmers on the general success which has attended their efforts in the cultivation of Indian corn the past season and would greatly rejoice to see more attention paid to this branch of husbandry in this county as being in their humble opinion the most profitable crop which they can raise on their grounds which are suited to its growth especially since the price of bread-stuffs imported into the State has been greatly enhanced for the last few years

All which is respectfully submitted

To the Trustees of Penobscot Agricultural Society—

The committee on crops for the year 1847 to whom was committed the applications for premiums offered on crops for 1846 by a vote of said Society at a legal meeting held in Levant on the 30th day of Sept the committee on crops for that year not having attended to that duty respectfully report that there were two applications for the Society's premium on Indian Corn

For the crop raised on one acre of ground by Dr Isaac Case of Levant being one hundred and forty seven Bushels of ears equal to seventy three and a half Bushels shelled, the committee award the first premium of four dollars—$4 00

For the crop raised by Mr Charles C Heard of Exeter amounting to one hundred and twenty six and half Bushels of ears equal to sixty three and one quarter Bushels shelled, the committee award the second premium of three dollars—$3,00

For a crop of Wheat raised on one acre of ground by Charles C Heard being twenty one and a half Bushels the committee award the Society's first premium of four dollars and one Vol Maine Farmer—$4,00

For the crop of oats and peas from one acre of ground by Mr William Grinnell of Exeter being forty five Bushels the committee award the first premium of two dollars—$2,00

For a crop of White Beans raised on one quarter of an acre of ground by Charles Adams of Levant, the committee recommend a gratuity of one Vol Maine Farmer there being six and one quarter Bushels

All which is respectfully submitted

Geographical Researches.

Since the Boston Grand Jury made the sublime discovery that "Mexico is in South America" other great men it seems are turning their attention to geographical investigations A writer in the New Orleans Miscellany under the signature of U V Q of Thibodeaux La has not only beat the Grand Jury but even Christopher Columbus is thrown entirely into the shade. In a sort of rhapsody upon hearing the news of the victories in Mexico the writer shows the sublimity of his ideas and his geographical knowledge, all in one breath

"Even now the genius of your destiny, like a mighty archangel standing within the portals of the future with outstretched arms and expanded pinions, ready to cleave the murky atmosphere, bids you 'advance!' Patriotism and philanthropy say 'go on!' Make haste for pity's sake, green starving Ireland, England's miserable peasant and the down trodden hordes of the *three old continents*"

We hope that the discovery of two "old continents" additional to the one with the history of which we are all familiar, will not excite the cupidity of our government and lead them into measures of annexation, until the present war is off our hands.

The Gardiner Fountain contains a statement of the amount of lumber manufactured in that village and by the two mills on the opposite side of the river, in Pittston The total amount of log lumber is 8000 m; the log of 15300 m; Clapboards, 1005 m; Laths 4050 m. The amount of money received for sales on the above lumber is $445,000 The logs cost in Augusta about three fifths of that amount, leaving the balance of $178,000 for profits and expenses of manufacturing

A Bright Spot in Ireland.

In the midst of one of the most distressed counties of Ireland, Galway, is the estate of Lord Wallscourt, which exhibits a strong and happy contrast to all the estates around It is an oasis in the midst of a desert of want on every side, the condition of all his tenants and laborers being one of happiness and content

The system pursued by Lord Wallscourt is, to regard his laborers as co-proprietors of the soil with himself and to give them an actual interest in the results of their joint labor, besides excellent habitations and good education He reckons each workman to be the possessor of a capital which would yield him at interest a sum equal to what would be paid him in wages so that if the estate yields nothing the laborer is at least sure of a good living and if there are profits he comes in for his share upon the capital which has been assigned him Apart from this he is guaranteed a comfortable subsistence with access to good schools, reading rooms &c. The results are, that the workman feels himself one of the owners of the estate interested in its good management and accordingly exerts his whole ability, not only to prevent waste, but to bring about as large a profit as possible He finds his children well provided for,—his prospects relieved from care and anxiety, and his pockets constantly fattening Lord Wallscourt has also established agricultural colleges and model farms on his estate, for the advance and improvement of agricultural methods

When last year, John Forster, an agent of the "Friends' Relief Committee" passed through the county of Galway he found the average of deaths there from starvation to be 30 per day, and this year it has been the scene of tumults and violence of the worst character But Lord Wallscourt's estate still contains its happy and peaceful population What further proof is necessary to show that Ireland's miseries flow from false social relations?

The system of this Irish nobleman has been in operation 15 years He is in principle an Associationist or Fourierist, and his plan is drawn in the main from the works of Fourier

A Money-mania.

There is at St Louis an old man who by great thrift and personal privation has amassed a large amount of money—at least one hundred thousand dollars For years past money has been the god of his idolatry and took entire possession of him—Latterly he seemed to be impressed with the belief that he was about to loose all he possessed and to become a beggar In this fear he about a week ago made a desperate attempt upon his life by stabbing himself with a dirk The design was not fully accomplished, and the victim of avarice still lives to be haunted by fears that are worse to him than death —Ex paper

The York Manufacturing Company, at Saco, has declared a semi annual dividend of 3 per cent, the Massachusetts Mills, at Lowell, also make a dividend of 3 per cent, and these are about all the Cotton Mills, which make up their accounts in January, which have been able to make any dividend Some of them in making up their annual accounts, find that they have been working at serious loss upon their capital—Boston Atlas

Peace Rumors.

It is rumored, says the Washington correspondent of the Journal of Commerce, that the Senate in executive session to day were considering the project of a treaty of peace with Mexico, which had been received by the President yesterday The Union of last night positively says that no treaty or project has been received! The most prevalent belief is to the contrary

Subsequently he says, the peace rumors have been discredited, but there is this much of foundation for them, viz that commissioners from the Mexican government proposed to Gen Scott a renewal of negotiations, with a view to an acceptance of the terms offered by the United States, but upon admissible conditions—an armistice the withdrawal of troops from the city of Mexico and the payment of fifteen millions to the Mexican government upon the ratification by it of the treaty

The offer will be found to have been informal, and will lead to nothing The difficulty is that there is not government enough in Mexico to make and guaranty any treaty of peace

The Herald's correspondent says there is no doubt that a treaty has been made

The telegraph despatch to the Boston Bee says Letters from two members of Congress have been received, in which both parties declare in the most unequivocal terms that the outline of the treaty has been received at Washington, corresponding generally with the original propositions of Mr Trist, and that it will be acceded to by the administration

Another letter from a member of Congress says positively that the Senate has the treaty before them

Messrs J Winer & Co. Sirs—My child of five years of age was for more than two years severely afflicted with worms during which time we gave her different medicines recommended in such cases, but they produced no beneficial effects. I at length procured a bottle of your Canadian Vermifuge and gave it to her which caused her to pass a large number of worms since which she has been in the enjoyment of perfect health. From my own experience I would recommend your Vermifuge as being the most safe and effectual remedy for worms now in use. Yours truly,

PATENTS.
AMERICAN AND FOREIGN OFFICE.
And Agency of the U S Patent Office, Washington
22 State Street—Boston.

THE subscriber by appointment from the Commissioner of Patents, is Agent of the U S Patent Office for the purpose of receiving and forwarding to the same models, specimens of ingredients and manufactures which will be to be patented or deposited there which will be received and forwarded free of expense and risk to their owners, and with all possible despatch. The subscriber will prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings, will make researches into American and Foreign works to establish the validity or utility of inventions, and render advice on all legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patent. The experience of fifteen years practice—an extensive collection of rare works describing the inventions &c. on all subjects and the Patent Laws—and a knowledge of different countries and a thorough experience during the long time this office has been established, and to which I beg to refer, together with accounts here kept of inventions patented at Washington enable me to offer I superior assistance in the information and inventors in the way of securing Patents which in other respects might be difficult of attainment.

WERE RETAILED in Boston by Gardner Chilson in the short space of six months and a large number have been sold by myself in this city. This Stove is not equalled by any other stove in the United States and the unparalleled sales it has met with fully bespeak its unparalleled merits.

HOUSEKEEPERS should be sure and examine this superior Stove, which has won the admiration of several thousand housekeepers the past season. It has more equal and useful improvements than all others combined. The fire brick Oven top has proved to be of great use in absorbing the steam and causing the bread to rise and bake light (equal to the house brick oven). The brick is found to be more durable than the iron top. It also equalizes the heat around the oven and a much more even bake is produced in this stove than any other stove known. It has a most perfect arrangement for the draught in front. The Summer arrangement for broiling, boiling, toasting, &c. is complete. The grate clears itself discharging the ash into the ash pit. The flues are large, and so arranged as not to fill up with soot. It is surprising to see how small an amount of fuel it requires to perform so great a variety of cooking. Its neat appearance, substantial construction and general utility altogether set it forth to be

ALL-HEALING
Ointment,

FOR THE CURE OF Colds, coughs consumptions for scrofula, scurvy, and all cutaneous eruptions, for bruises, burns, ulcers, sores of all kinds and general or local debility.

This celebrated Ointment has a most striking effect upon the blood in cleansing it from all impurities upon the nervous fluid, which lubricates the joints and thus removes stiffness, soreness and pain upon the lymphatic ganglia or glands, promoting the free and healthy secretion of the lymphatic fluid, and thus removes swelling of the glands about the neck, the groins, the axilla or under the arm about the ear, and all other parts of the body.

This All Healing Ointment is equally efficacious in promoting the secretions of the kidneys, relieving from retention of urine, and by restoring the tone and function of the urinary organs, thus preventing incontinence of urine. It is equally efficacious in acting upon the nervous system by curing neuralgia, St Vitus's dance, palsy, paralyses, numbness or want of feeling or power of motion from some local or general affection of the nervous tissue. It acts with great power on all the fluids and solids of the body, and attacks disease in whatever part located, whether on the surface or internal organs.

We speak the things which we know of the astounding efficacy of this justly celebrated invaluable and worthily named "ALL HEALING OINTMENT." The innumerable pains that have been assuaged, the ten thousand sufferers relieved and cured, and the more than ten thousand hearts which have been comforted and cheered by its salubrious efficacy testifying to the truth of all, and more than all, herein inserted.

DEAFNESS CAN BE CURED!

COOPER'S ETHEREAL OIL.—A prompt and lasting remedy for *DEAFNESS*, also for pains and discharge of matter from the Ears.

Hundreds of cures in cases deemed utterly hopeless have firmly established its superiority over every former Medical discovery.

This valuable Acoustic Medicine is a compound of four different Oils, two of which, the active and principal ingredient, is obtained from the bark of a certain species of Walnut, a new and effectual agent in the cure of Deafness.

Persons who have been deaf for 10, 15 and even 20 years have been permanently cured by using this Oil. In fact so numerous and so emphatic have been the testimonials in its favor, that the Inventor claims for it the distinction of an Infallible Remedy in all cases when the Ear is perfect in its organization.

For further particulars and evidence of its great value see printed sheets in the hands of Agents.

DR. WARREN'S
SARSAPARILLA, TOMATO AND WILD CHERRY
PHYSICAL BITTERS,
At 50 cents per Bottle.

SARSAPARILLA, TOMATO and WILD CHERRY BITTERS have now become a standard Medicine, universally approved by Physicians as a safe, speedy, and effectual remedy for *Scrofulous Mercurial and Cutaneous Diseases, Jaundice, Indigestion, Dyspepsia, Bilious disorders, Liver Complaints, Costiveness, Weak and Sore Stomach*, Ulcers and running Sores, Swelling of the Limbs, Pain in the Bones, Tumors in the throat, Rheumatic affections, Saltrheum, Erysipelas, bad Humors, Eruptions on the face or body, Cancerous sores, King's Evil, Chronic Catarrh, languor, debility, headache, dizziness, sallow complexion, and all those disorders which arise from the abuse of Mercury, or from an impure taint in the blood, no matter how acquired.

The extract here presented is prepared after directions given by the celebrated Dr. Warren, whose name it bears, and it will be found superior to any preparation of the kind now in use. It is highly concentrated and entirely vegetable, and very finely flavored to the taste. The change which it produces in the condition and tendency of the system is *speedy and permanent*.

As a Spring Medicine for purifying the blood—strengthening the stomach and body and checking all consumptive habits, the Sarsaparilla, Tomato and Wild Cherry Bitters are entirely unrivalled.

JULES HAUEL'S
PREPARATIONS!
TRY THEM AND JUDGE FOR YOURSELF!

TO THE PUBLIC.

Wonderful! That's Right—A proper Principle adopted.

YOU cannot object to giving my art also a trial. If they are not found to be as represented, return them and your money will be cheerfully refunded.—Remember there is no *quackery*,—no *humbug*,—here. A trial will cost you nothing,—so if any one is humbugged, it will be myself. With the utmost confidence I recommend to the particular attention of the public the following articles. First—

MY EAU LUSTRAL HAIR RESTORATIVE.

This universally approved and admired article, free from ardent spirits, pungent essential oil, and other destructive materials, cleanses the hair expeditiously, renders it beautifully bright, and imparts to it the delicate fragrance of the flowers. It also tones the scalp to a new and vigorous action, cleanses it from scurf and dandruff, and its effect in the restoration and growth of the hair is unequalled by any other preparations of the kind. Second—

MY EAU DIVINE DE VENUS AND NYMPH SOAP

Composed of an Eastern Botanical Discovery of Surprising Efficacy, for rendering the SKIN SOFT AND FAIR, as well as imparting a Delicate Roseate Hue to the Complexion

No lady's toilet is complete without this article. Its effect on the skin is strikingly beautiful. It removes all harshness, clears the complexion, and leaves a delicate roseate hue that cannot be surpassed. Third—

MY SHAVING CREAM

"It is a luxury to shave with Jules Hauel's Premium Cream."

This Cream is acknowledged by all who have used it to be superior to any in use. It produces a fine and rich lather. It does not smart or irritate the skin, on the contrary it is very soft and highly emollient. No person will use any other, after once using this admired preparation. Fourth—

MY DEPILATORY POWDER.

This Powder has never failed to produce the desired effect. Its composition is infallible, and warranted to remove superfluous hair. Many ladies have used it, who were afflicted with hair on the sides of the face, arms, &c, giving a masculine turn to the features, and who testify of its happy effect. Fifth—

MY CELEBRATED VEGETABLE LIQUID HAIR-DYE.

A Chemical Result to enable persons to dye their hair instantaneously with the least inconvenience.

"My white hair has been changed like magic by using one box only of Jules Hauel's celebrated "Vegetable Liquid Hair Dye."

For changing red or grey hair, whiskers, eye-brows, &c. to a brown, black, or chestnut color. The slightest evil consequences need not be feared from its use—it is altogether harmless. This composition is the only one sanctioned by the science of chemistry, to dye in an indelible manner, the various gradations of color, without danger or inconvenience, and has justified the liberal patronage and unlimited confidence of the public.

☞ *Beware of Counterfeits!* Ask for "Jules Hauel's Vegetable Liquid Hair Dye," if you want the genuine article. Sixth—

MY UNRIVALLED ROSE TOOTH PASTE,

Is universally sought after for the pearly whiteness it gives to the Teeth, without the slightest injury. Seventh—

MY CELEBRATED PERSIAN OR CHINESE POWDER.

Patronized by the Fashionable World of the United States and under the immediate patronage of the Ladies.

This powder is unequalled for the nursery, for restoring, beautifying and preserving the complexion, rendering the skin delicately white, smooth and soft, preventing cutaneous eruptions, chapping, and alleviates too copious perspiration. Travellers and residents in warm climates will highly appreciate this grateful appendage to the toilet.

NINE HUNDRED DOLLARS REWARD

Will be paid to the person who will prove that Jules Hauel's *Vegetable Liquid Hair-Dye* is not the best,—the very best yet known in this country or in Europe.—This valuable discovery will enable a person to dye instantaneously the hair or whiskers, in a few minutes, without the least inconvenience. This preparation is warranted not to wash out, nor to injure the health of the hair, and retain all its softness and brilliancy.

From a celebrated Chemist of the City of Philadelphia.

"DEAR SIR—It is with a high degree of pleasure that I furnish you with my testimony in favor of your *Eau Lustral Hair Restorative*. I have been surprised by its wonderful and beneficial results, and have no hesitation in saying, that I believe it to be the most valuable and extraordinary discovery ever known for restoring, and reproducing a fine and luxuriant head of hair. In regard to the *Nymph Soap, Hair-Dye, Rose Tooth Paste, Depilatory Powder*, and *Shaving Cream*, I must say that they are scientifically compounded, and that it is a real luxury to use them. Yours &c.

JOHN FARR, Chemist,
President of the Manufacturers' and Mechanics' Bank, Philadelphia.

Mr JULES HAUEL."

Try it! Try it! It is furnished Gratis!

The most positive and convincing proof of the superiority of an article depends on the favor and satisfaction it has received from those who have used it.—With respect to my Shaving Cream, it is always used with satisfaction, and has everywhere met with universal approbation.

Those persons who have not made use of this delightful preparation may, by calling at the Store of the Proprietor, No 120 CHESTNUT Street, receive, without charge, a small box for trial, as I am determined to let all try it and judge for themselves.

Prepared and sold, *Wholesale* and *Retail*, by
JULES HAUEL, Practical Chemist and Perfumer.

An Extract from the Report of the Judges of the "Franklin Institute of Pennsylvania."

"After a minute and careful examination of the preparations submitted to our notice by Jules Hauel, Chemist and Perfumer, of the city of Philadelphia, we do not hesitate to pronounce them truly valuable preparations, well calculated for the toilet."

READ THE CERTIFICATE.

"The Franklin Institute of the State of Pennsylvania, for the Promotion of the Mechanic Arts, have awarded to Jules Hauel, of Philadelphia, their Testimonial of their approbation for the skill and ingenuity displayed in the manufacturing of his celebrated "Eau Lustral Hair Restorative" and other perfumery deposited at their late Exhibition of Domestic Manufactures in the city of Philadelphia.

From CONSTANT GUILLOU, Esq., Attorney at Law, and Notary Public, Philadelphia.

"From personal acquaintance with Jules Hauel—an experienced and fashionable Perfumer and Chemist—I was prepared to appreciate the numerous testimonials in favor of his different fashionable preparations. On trial of them in my own family, and some of them personally, I have more than realized these favorable anticipations,—they are, what they profess to be, scientifically prepared and compounded. I have at all times since my experience, been convinced of the great merit of the *Eau Lustral Hair Restorative*, *Shaving Cream*, *Nymph Soap* and in fact, all the popular preparations of Mr Hauel.

It is with the greatest pleasure that I can recommend the above articles to all of my numerous friends, and the public. They are, in this way, invaluable.

CONSTANT GUILLOU."

From DANIEL J. DESMOND, Esq., Attorney at Law, Consul General of Portugal, States, Vice Consul of Austria, Sardinia, Portugal and Tuscany.

"To Mr. JULES HAUEL.

SIR—Though I have not the pleasure of a personal acquaintance with you, yet a sense of duty to yourself and the public generally, constrains me to bear my unsolicited testimony in favor of your different fashionable preparations. On trial of them in my own family, and some of them personally, I do positively declare that they are what they profess to be, skillfully prepared and compounded. I am convinced of the great worth or merit of the Eau Lustral Hair Restorative, Shaving Cream, Nymph Soap and Rose Tooth Paste.—I am fully satisfied of their intrinsic worth, and do heartily recommend them to all for the use and purpose they are intended. Nothing can excel the beauty and lustre imparted to the hair by the use of the Eau Lustral Hair Restorative. It invigorates the hair and promotes its growth. The Shaving Cream is unsurpassed and decidedly excellent, being a fine and highly emollient composition—it does not smart, or irritate the skin; while the Nymph Soap operates beautifully upon the pores of the skin, and cleanses it from all impurities. The Rose Tooth Paste imparts to the teeth a pearly whiteness, and is well calculated to preserve the teeth and gums from decay. They are in their way invaluable.

"I have seen some of my friends who have used your Vegetable Liquid Hair-Dye, the effect is truly a wonder. It dyes the Hair in an indelible manner in a few minutes, and the color of the hair is really beautiful, and none will detect the artificial color, as it is unnatural. Yours &c., DANIEL J. DESMOND.

DR. UPHAM'S

Vegetable Internal Remedy
FOR THE PILES!
☞ A Cure for Life Secured. ☜

For the cure of Piles, Inflammation of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, Inflammatory and Mercurial Rheumatism; Impurity of Blood, Weakness and Inflammation of the Spine, and for the relief of Married Ladies.

THE VEGETABLE PILE ELECTUARY, Invented by Dr A Upham, a distinguished Physician of New York city, is the only really successful remedy for that dangerous and distressing complaint, the Piles, ever offered to the American public.

Mark this: it is an INTERNAL REMEDY—not an external application, and will cure any case of Piles, either bleeding or blind, internal or external, and probably the only thing that will. There is no mistake about it. It is a positive cure—speedy and permanent. It is also a convenient medicine to take, and improves the general health in a remarkable manner.

Each box contains twelve doses, at 8 1-3 cts per dose. It is very mild in its operation, so it may be taken in cases of the most acute inflammation without danger.—All external applications are in the highest degree disagreeable, inconvenient and offensive, and from the very nature of the disease, temporary in their effects. This Medicine attacks the disease at its source, and, REMOVING THE CAUSE, renders the cure CERTAIN and PERMANENT.

INFLAMMATORY DISEASES.

Although the ELECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine far superior to all others, in all diseases of an inflammatory character, with a determination of blood to any particular part or organ. In inflammation and congestion of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, in inflammatory and mercurial Rheumatism, it is the *Best Medicine* ever discovered.

IMPURITIES OF THE BLOOD.

For all impurities of the Blood, arising from the imprudent use of Mercury, or other causes, for all diseases of the Skin, and Scrofulous Affections, in all cases where the blood is powerfully determined to the head, producing dizziness and distress, DR. UPHAM'S ELECTUARY is entirely unrivalled.

TO MARRIED LADIES.

Married Ladies are almost invariably subject to that painful and injurious disease, the PILES, with consequent inflammation of the Stomach, Bowels and Spine, weakness of the back, flow of blood to the head &c.—The Electuary is perfectly safe for Pregnant Ladies and the most useful Cathartic that can possibly be used, as it will not only remove the Piles and all inflammatory diseases, WITHOUT PAIN or IRRITATION, but will ensure an easy time, a safe delivery, and a sound constitution to the offspring.

CURE FOR LIFE GUARANTIED.

The Electuary contains NO MINERAL Medicine, no Aloes, Colocynth, Gamboge or other powerful and irritating purgative. No fear of taking cold while under its influence, no change in diet necessary. If taken according to the directions, A CURE FOR LIFE IS GUARANTIED.

Pamphlets giving valuable information respecting this Medicine, may be had of Agents gratis.

GREAT SUCCESS OF UPHAM'S
PILE ELECTUARY.

Portland, Me., March 14 1847

Dr. UPHAM—My dear Sir:—I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary. I have been a perfect martyr to the Bleeding Piles for 16 years past, so much so that I became reduced to almost a skeleton, with loss of appetite, and general derangement of the digestive organs. My eyes also became affected and in fact I was a misery to myself. I was obliged to give up my business. I had tried all kinds of medicines, and the best advice the Doctors in Boston and this place could afford, spent much money—and twice submitted to painful operations. I had become perfectly tired of life, and at the suggestion of my friends I was induced to try a box of your medicine. The first I found to relieve me slightly, still I persevered, and purchased a second, and I assure you, when I got half through, I found myself getting well. Still I kept on, and now I am a well man. My dear Sir language cannot express the heartfelt thanks that I am once more restored to health, and now in a condition to support my large family, dependent on me.

You can use this letter as you please.

Yours respectfully, SAMUEL CHARLTON

DIEU ET MON DROIT

CONSUMPTION CURED!
TRIUMPHANT SUCCESS OF
Buchan's Hungarian Balsam of Life,
THE GREAT ENGLISH REMEDY
FOR
COLDS, COUGHS, ASTHMA and CONSUMPTION.

The most celebrated and INFALLIBLE remedy for Colds, Coughs, Asthma, or any form of PULMONARY CONSUMPTION, is the HUNGARIAN BALSAM of LIFE discovered by Dr Buchan of London England, tested for upwards of seven years in Great Britain and on the Continent of Europe, and introduced into the United States under the immediate superintendence of the inventor.

The astonishing success of the Hungarian Balsam, in the cure of every form of CONSUMPTION, warrants the American Agent in soliciting for treatment the WORST POSSIBLE CASES that can be found in the community—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished Physicians as confirmed and INCURABLE. The Hungarian Balsam has cured and will cure the MOST DESPERATE of CASES. It is no quack nostrum, but a standard English Medicine, of known and established efficacy.

TO THE CONSUMPTIVE!

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a *preventive medicine* in all cases of colds, coughs, spitting of blood, pain in the side and chest, irritation and soreness of the lungs, bronchitis, difficulty of breathing, hectic fever, night sweats, emaciation and general debility, asthma, influenza, hooping cough, and croup.

In cases of actual disease of the lungs, or seated Consumption, it is the ONLY SOURCE OF HOPE.

Sold by McDonald & Smith, Sole Agents for the United Kingdom, at the Italian Warehouse, Regent St London, in bottles and cases, for ships hospitals &c.

Highly Important to Farmers.

HAVING purchased the right to use BOMMER'S Method of making MANURE in all the towns in the County, not previously disposed of, west of Penobscot, and south of Piscataquis rivers, I am ready to sell the same, by towns or individual rights, as may best suit purchasers.

When it is taken into consideration, that one ton of dry straw can, in the space of 12 days be converted into from six to eight loads of rich unctuous manure fit for corn-mills—that green vegetables and turf can be made into manure of equal value in ten days—and that the high temperature produced by fermentation destroys all obnoxious seeds, this invaluable method may be fairly considered as forming a new era in Agriculture. That the foregoing results have been frequently realized by Bommer's process, I am prepared to show by testimony from scientific and practical farmers in various sections of the country.

Single rights will be sold for the moderate price of four dollars, and the purchaser will be furnished (gratuitously) with a book describing the process of making the foregoing, together with many other kinds of compost manures, hitherto unknown in this part of the country. To those who purchase by towns, or to private companies, my terms will be as low as in any other section of the State.

Persons at a distance, by forwarding four dollars (post paid), will be promptly furnished with a single right and book as aforesaid.

Dr. Townsend's
SARSAPARILLA.
THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This extract is put up in quart bottles; it is six times cheaper, pleasanter and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease it invigorates the body. It is one of the very best Fall and Winter medicines ever known. It not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years more than 100,000 cures of severe cases of disease, at least 20,000 of these were considered incurable.

More than 3000 cures of Chronic Rheumatism
2000 cases of Dyspepsia
4000 cases of General Debility and Want of Energy
7000 cases of the different Female Complaints,
2000 cases of Scrofula
1500 cases of the Liver Complaint
2500 cases of Diseases of the Kidneys and Dropsy
3000 cases of Consumption

and thousands of cases of diseases of the blood, viz.—Ulcers, erysipelas, saltrheum, pimples on the face, &c., together with numerous cases of sick headache, pain in the side and chest, spinal affection, &c. &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable druggists in Newark, N J, informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the city of New York, which we will refer to with pleasure, and men of character. It is the best medicine for the prevention of disease known. It undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON

as it removed the cause of disease, and prepared them for the summer season. It has never been known to injure in the least the most delicate child.

RHEUMATISM.

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief; this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen.

☞ Hear Mr. Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn. The following is an extract of a letter received from him:

Dr. Townsend—I have used one bottle of your Sarsaparilla, and I find it is excellent in its effects upon a chronic rheumatic pain to which I am subject, and which is very apt to occur at several seasons of the year. Please send me two bottles to his care. I have conversed with two of our physicians, and recommended your Sarsaparilla. SETH TERRY.

Hartford, March 12, 1846.

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c. have been and can be cured.

Dr. Townsend—Dear Sir: Nearly twenty years ago I took a violent cold which settled on my lungs and affected me severely, indeed finally it became a constant hacking cough, but it never was so bad as to prevent me from attending to my business. Within the last few years it has increased on me gradually. At last I became reduced—I breathed with difficulty, and raised with my cough much bad matter, and for the last nine months previous to using your Sarsaparilla, had regular night sweats. Indeed, my friends and myself supposed that I would die with the Consumption, but I have the happiness to inform you that, to my surprise, after using three bottles of your Sarsaparilla, I find my health restored. It relieved me gradually, and I am now enjoying much better health than I have before in 26 years. I had almost entirely lost my appetite, which is also returned. You are at liberty to publish this with my name in the papers if you choose.

My little girl, who is three years old, had a very bad cough the whole of last Winter. We became very much alarmed on her account. While using the Sarsaparilla I gave her some of it, and it seems entirely to have relieved her as well as myself, and she is well now and as hearty as any child I ever saw. She was also full of little blotches; it took them away, and her skin is as smooth and fair now, and I am satisfied she recovered her health from using your excellent medicine.

S. W. CONANT, 110 Bowery.

GIRLS READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of spirits," use a bottle or two of Dr. Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and pimples, and give you animation, sparkling eyes, fine spirits, and beautiful complexion—all of which are of immense value to unmarried ladies.

GREAT FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhœa, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring.

Dr. Townsend—My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down in the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints and restored her to health. Being grateful for the benefits she received, I take pleasure in thus acknowledging it, and recommending it to the public. M. D. MOORE.

Albany, Aug. 17, 1847. Cor. Grand and Lydius st.

TO MOTHERS AND MARRIED LADIES.

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable to those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all of the delicate diseases to which women are subject. It braces the whole system, renews permanently the natural energies by removing the impurities of the body, not so far stimulating the system as to produce a subsequent relaxation—which is the case of most medicines taken for female weakness and disease.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control of the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN.

Dr. Townsend—Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken some four bottles, it took them away, for which I feel myself under deep obligation. Yours respectfully, ISAAC W. CRAIN, 106 Wooster st.

Capt. G. W. McLean, of the U. S. Marine Corps and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

Rahway, Jan 25, 1847

A year since I was taken with the influenza and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe that it saved my life, and would not be without it under any consideration. G. W. McLEAN.
